## Welcome to Safe In-Store Pass

The FGC Safe In-Store Pass is an industry-designed online course aimed at improving the safety of supplier representatives working in a retail store. It is the result of a collaborative effort between Retailers and the NZ Food & Grocery Council to deliver time and cost effective training that is immediately accessible to all.

This course allows you – the representative - to understand your responsibilities whilst in store and enables all parties to work together to create a safe workplace.

Topics you will cover include:

- Goals of induction
- Common hazards
- Procedures on handling hazards
- How to act when an incident occurs

It will take you just one hour to complete the Safe In-Store Pass and as it is delivered totally online there is no travel time!

On completion of the course you will be issued with a temporary Certificate and then a permanent photo Identification Card.

Your support of this initiative is greatly appreciated.
